Women's Sports School presents
Scouting Baseball!
Sponsored by WISE (Women in Sports and Events) Arizona

WHO

Women's Sports School, LLC (WSS), was established to provide or facilitate opportunities for women to learn about "non-traditional" sports careers, and fields in which women are underrepresented.*

WISE (Women in Sports and Events), the country's leading resource for women in the business of sports, is a registered 501(c)(3) not-for-profit headquartered in New York City. WISE Arizona is one of 21 chapters across North America.

WHAT

Scouting Baseball, presented by WSS and WISE Arizona, is four days of intensive instruction in the business and practice of baseball scouting. The program will combine classroom sessions with practical experience scouting at Arizona Fall League games. Cost includes tuition, meals, materials, and game admissions.

The program will primarily target women who work in, or desire to work in, the baseball industry or professional sports. It is suitable for women who have playing or coaching experience, work in sports media, or have backgrounds in analytics, as well as college students and serious baseball fans.

Don Mitchell, a former ML Scouting Director, an MLB certified agent and former college baseball coach and athletics director, will design the program curriculum and oversee program operations. Don is currently president and founder of College Baseball Advisors, based in Scottsdale, AZ.

WHERE

Scouting Baseball 2019 will be based near the Peoria Sports Complex, where the Arizona Fall League games are played. Classroom instruction will take place at Huntington University. Students will be housed at the Residence Inn Peoria. All three facilities are within walking distance of each other, eliminating the need for transportation.

WHEN

October 17–21, 2019
